

Clamming Locations - Charleston Area

Adams (PA)

Large cockles can be raked along the sandy beach at Point Adams. Gapers occasionally recruit to the beach southwest of the point. Access is at the end of Boat Basin Rd.

Charleston Triangle (CT)

Gapers and butters are abundant here. This area is easily accessed from parking areas south of the docks (access point #1).

Charleston Flat (CF)

Gapers and butters can be dug throughout the areas south of the South Slough bridge. Cockles can be raked toward the South end of this area. Access is at the Charleston visitor center (access point #2)

Barview (BV)

Butter clams throughout in good numbers. Gapers and native littlenecks are also found.

Indian Point (IP)

Boat access only. Cockle, gaper and butter clams can be found throughout.

Valino Island (VI)

Boat access only. Cockle, gaper and butter clams can be found throughout.
